

Friends,

This summer has been a hot mess on many fronts. But as King Solomon once said, "This too shall pass".

And while almost every expert predicted, doom, gloom, and a massive slow down, the tech and life science industries are thriving, particularly here in the Silicon Valley and San Francisco Bay Area.

We put together an *August Round-Up on Legal Developments in Silicon Valley* – some big news and important research developments.

We are always here to help you and your business prosper,
